USERS OF SOCIAL MEDIA AT CHISHOLM CATHOLIC PRIMARY SCHOOL

12 February 2021

Dear Parents & Carers

It is extremely important that all members of our school community are aware that a code of conduct must be followed when using social media to ensure that the dignity and comfort of all parties are preserved.

Respectful, meaningful, encouraging and productive comments and ideas are the best ones to share with others in a public forum.

School issues and concerns are best dealt with at their source. Parents & Carers are strongly encouraged to see their child's teacher(s) a member of the school leadership team and/or the Assistant Principal or Principal if they have any concerns or queries about any school related matters.

As safe, honest and respectful adults, and models to our children, it is essential that respect and decency to students, parents, carers and Chisholm staff be shown at all times.

When used correctly and respectfully, social media can be a very handy communication tool and an excellent way to feel a part of the Chisholm Community.
